

Book Club for Parents

Book Blether

A fun, relaxed and informal group for parents to discover the joys of children’s books and the importance of reading

Fridays, Milton of Leys Primary School Community Room, 1:45 – 3:00 pm

One of the simplest ways to ensure our children excel at school is to encourage a love of reading, especially reading for pleasure!

Book Blether is an informal reading group for parents of children in P4-7 to come together and discover the joys of children’s books so they are better able to encourage their children to develop a reading habit that will stay with them through school and beyond.

There will be books, hot beverages, biscuits and good company! Sessions will be led by Michelle Gowans, Network Librarian and various children’s books will be discussed as well as ways to encourage reading in the home with a special family event for participating families to follow in the new year.

Every child can benefit from reading for pleasure! For more information, email michelle.gowans@highlifehighland.com.
